

EDUCATION	University of California, Los Angeles (UCLA) PhD in Biostatistics (Advisors: Hua Zhou and Jin J. Zhou) Dissertation: <i>Semiparametric Inference for Partially Observed Health Data</i> Committee: Gang Li and Peter D. Reaven MS in Biostatistics Kyoto University MS in Informatics BS in Engineering, Applied Mathematics and Physics Los Angeles, CA Expected June 2027 2023 Kyoto, Japan 2013 2011
RESEARCH INTERESTS	Semiparametric and causal inference motivated by large-scale observational health data: double/debiased machine learning, prediction-powered inference with partially observed variables, and survival and longitudinal analysis of electronic health records, wearable devices, and biobanks.
RESEARCH EXPERIENCE	Graduate Student Researcher, UCLA Department of Biostatistics2022 – Present Research Data Analyst, Phoenix VA Health Care System2023 – Present – Develop semiparametric estimators for censored and partially observed data, including orthogonalized rank-based U-statistics and prediction-assisted estimation – Analyze a national VA cohort linking electronic health records with multi-year continuous glucose monitoring data, from cohort construction and quality control through publication – Applied machine learning to RNA-seq data to classify immune rejection phenotypes in lung transplant recipients, and interpreted signals via differential expression and pathway enrichment

PRESENTATIONS	TALK	NISS Virtual New Researchers Conference (competitively selected)	2026
	TALK	ADA Scientific Sessions, ePoster Theater	2026
	POSTER	ISBA World Meeting, Nagoya	2026
	POSTER	IMSI Workshop “New Horizons on Model Transportability and Data Integration,” Chicago	2026
	POSTER	Student Impact Poster Showcase, UCLA Fielding School of Public Health	2026
	POSTER	ADA Scientific Sessions	2023 – 2026
AWARDS		Outstanding Presentation Award, NISS Virtual New Researchers Conference	2026
		Top 10 Finalist, Student Impact Poster Showcase, UCLA Fielding School of Public Health	2026
		Travel Award, ISBA World Meeting, Nagoya	2026
		Travel Award, IMSI Workshop, Chicago	2026
		Japan Student Services Organization Scholarship	2023 – 2027
		UCLA Departmental Graduate Fellowship	2023 – 2026
		UCLA Wilshire Fellowship in Geriatric Medicine	2022
TEACHING		Teaching Assistant, UCLA Department of Biostatistics	2022 – Present
		BIOSTAT 203B: Introduction to Data Science in R	Winter 2022 – 2026
		BIOSTAT 216: Mathematical Methods for Biostatistics	Fall 2023 – 2024
		BIOSTAT 401: Data Science Capstone	Spring 2025 – 2026
PEER REVIEW		Annals of Applied Statistics (1); Diabetes Care (1); Journal of Cystic Fibrosis (1); Journal of Sleep Research (1); PLOS Digital Health (3); SAGE Open Medicine (1); KDD AI4Science Track (2)	
AFFILIATIONS		American Statistical Association; International Society for Bayesian Analysis; American Diabetes Association; American Society of Human Genetics	
SKILLS		Programming and tools: R (Shiny, R Markdown, Quarto), Python, Julia, SAS, Stata, SQL / Google BigQuery, LaTeX, Git/GitHub, Docker Languages: Japanese (native), English (fluent)	
PRIOR ROLES		Business Development and Promotion Specialist, Medley Inc., Tokyo	2019 – 2021
		Business Consultant, Freelance, Tokyo	2018 – 2019
		National Football Team Marketer, Japan Football Association, Tokyo	2016 – 2018
		Strategy Consultant, Accenture Japan Ltd., Tokyo	2013 – 2016
